

Embryo Auction Closes Tonight

The Star Lake June Internet Frozen Embryo Auction will close at 7 p.m. central time today (Monday, June 22nd). Don't miss the chance to bid on the special show heifer and 14 embryo lots. View the offering in the "For Sale" section of the Star Lake web site at

<http://www.starlakeherefords.com/catalog.html?action=list&catid=3>

To bid, go to www.LiveAuctions.tv and register for the auction. Don't delay as it seems with every auction we have folks locked out while attempting to register at the last minute. At 7 p.m., each lot, starting with Lot 1, will close out individually and you will have a final opportunity to raise the bid. If you have bidding problems during the closing, please contact the ranch office at (918) 396-4322 for assistance.

The Junior National Expo in Tulsa is just a couple of weeks away. If you would like a tour of the ranch while you're here, give us a call at the office and we'll arrange a time. It's close, easy to get to and we would love to have you visit.

Thank you!
